Employee Training Booklet

Tally* Analytics Platform

www.flowralive.in

CONFIDENTIAL - For Internal Use Only

Updated: April 2026 | Includes CA Corner, Refer & Earn, Desktop Agent v8

1. What is FLOWRA?

FLOWRA is a cloud-based analytics platform that connects to Tally* and gives business owners real-time access to their data from anywhere.

Think of it as a smart dashboard + CA assistant that sits on top of Tally*.

Key Value Proposition

- > Real-time Tally* data on mobile/laptop - anywhere, anytime
- > Zero manual effort - auto-syncs every few minutes
- > Bank-grade 256-bit encryption + reCAPTCHA v3 security
- > 2-minute setup with guided onboarding tour
- > No data migration - Tally* remains your source of truth
- > CA Corner: Cash Flow, P&L, AI Expense analysis

Who is it for?

- > Distributors and wholesalers using Tally*
- > Business owners who travel and need remote access
- > Companies with multiple branches/depots
- > Accountants and CAs managing multiple company books
- > Anyone who wants Cash Flow and P&L insights from Tally*

2. Product Features (What You Demo)

Dashboard

Total sales, items, low stock alerts, overdue payments, top customers. Cross-FY totals. Branch toggle to exclude internal transfers.

Sales

Sales trend chart, voucher list with drill-down, filter by customer/month/FY. PDF & Excel export.

CRM

Customer targets with achievement %, outstanding tracking with Excel export, follow-up scheduler, payment behavior analysis with credit scoring.

Inventory

Real-time stock from Tally*, low stock alerts, smart auto-reorder levels (2-month average). Search & filter by stock group/category.

Analytics

Movement Analysis (Opening/Inward/Sales/Closing), Below Cost Sales detection, Sales Frequency, Customer-Item breakdown.

AI Reports

AI-generated business insights. Smart Purchase Order recommendations.

CA Corner

Cash Flow statement (indirect method), P&L report (annual + 12-month view), AI Expense Insights with cost-reduction tips and health scoring. Enterprise feature.

Refer & Earn

Unique referral code per user. 3% commission on subscriber referrals. Real-time tracking and admin-approved redemption.

Branch Toggle

One-click global filter to exclude branch/depot transfers from ALL figures.

Onboarding Tour

Guided 7-step walkthrough for first-time users - highlights every key feature.

3. How Setup Works (Explain to Customer)

- > Step 1: Customer signs up at www.flowralive.in (free 14-day trial)
- > Step 2: Guided onboarding tour highlights all features automatically
- > Step 3: Download Desktop Connector v8 from Setup page
- > Step 4: Run the connector on the PC where Tally* is installed
- > Step 5: Connector auto-detects Tally* and starts syncing
- > Step 6: Data appears in FLOWRA dashboard within 2 minutes
- >
- > Requirements: Tally* running on the PC, Internet connection
- > Port: Tally* uses port 9000 by default (configurable)
- > The connector runs in background - no manual intervention needed

Desktop Connector v8 Highlights

- > Fernet-encrypted local credential storage (no plain-text passwords)
- > Automatic FY discovery from Tally*
- > Fetches Bank, Cash & Contra ledgers for Cash Flow
- > Fetches P&L data for CA Corner reports
- > 256-bit AES encryption for all data in transit
- > Multi-company support - one connector handles all Tally* companies

4. Pricing (Memorize This)

Starter

Rs.999/mo or Rs.9,990/yr

1 Company, 2 Users | Dashboard, Sales, Inventory, Basic Analytics

Professional

Rs.2,499/mo or Rs.24,990/yr

3 Companies, 5 Users | + CRM, AI Reports, CA Corner, Excel Exports

Enterprise

Rs.3,799/mo or Rs.37,990/yr

10 Companies, 20 Users | + Salesman Module, Priority Support, Full CA Corner

Objection Handling

- > "Too expensive" -> Calculate time saved: 3-4 hrs/week x Rs.500/hr = Rs.8,000/mo saved minimum
- > "We already use Tally" -> FLOWRA does not replace Tally*. It extends it to mobile/remote access + CA Corner
- > "Is my data safe?" -> 256-bit encryption + reCAPTCHA + idle timeout. Same grade as banks
- > "Can I try before buying?" -> 14-day free trial, no credit card required
- > "What if Tally is not running?" -> Connector syncs when Tally* is open. Last synced data always available
- > "We already have a CA" -> CA Corner supplements your CA with instant P&L and Cash Flow visibility

5. Demo Call Script (7-Minute Version)

- > 1. "Let me show you how FLOWRA works with your Tally* data..."
- > 2. Open Dashboard - Show total sales, top customers, overdue payments
- > 3. Click Sales - Show voucher list, click a voucher for item details
- > 4. Click CRM > Targets - Show customer achievement tracking
- > 5. Click CRM > Outstanding - Show export to Excel button
- > 6. Click Inventory - Show stock levels, auto-reorder alerts
- > 7. Click Analytics > Movement - Show opening/inward/sales/closing
- > 8. Toggle Branch filter - Show how figures change
- > 9. Click CA Corner > Cash Flow - Show indirect method cash flow
- > 10. Click CA Corner > P&L - Toggle annual vs monthly view
- > 11. Click CA Corner > AI Insights - Show expense analysis
- > 12. Click Refer & Earn - Show 3% commission program
- > 13. Click Setup - Show one-click Desktop Connector v8 download
- > 14. "All of this syncs automatically. No manual work."

Closing Lines

- > "Would you like to start a free 14-day trial?"
- > "I can help you set it up right now - it takes 2 minutes"
- > "Which plan fits your number of companies and users?"
- > "You can also earn by referring other businesses - 3% commission!"

6. Frequently Asked Questions

Q: Does FLOWRA work with all versions of Tally?

A: FLOWRA works with Tally Prime (latest). Tally ERP 9 is not supported.

Q: Can I access FLOWRA on my phone?

A: Yes! FLOWRA is fully responsive - works on mobile, tablet, and desktop browsers.

Q: What happens if my internet goes down?

A: The Desktop Connector queues data and syncs when internet returns. FLOWRA shows last synced data.

Q: Can multiple employees use FLOWRA?

A: Yes, based on your plan. Starter=2, Professional=5, Enterprise=20 users.

Q: How is FLOWRA different from Tally on Mobile?

A: Tally Mobile is basic data view. FLOWRA provides analytics, CRM, AI reports, CA Corner, movement analysis, referrals, and branch filtering.

Q: What is CA Corner?

A: It gives you instant Cash Flow (indirect method), P&L reports (annual + monthly), and AI-powered expense insights - all from your Tally* data.

Q: How does Refer & Earn work?

A: Share your unique referral code. When someone signs up and subscribes, you earn 3% commission on their subscription amount. Redeemable via admin approval.

Q: What is the Branch Toggle?

A: It filters out inter-branch transfers (depot/division) from ALL sales figures globally, showing actual customer sales only.

Q: Is there auto-reorder for inventory?

A: Yes. FLOWRA calculates reorder levels based on 2-month average sales and rounds up using smart logic. You can also set manual overrides.

Q: Can I export data to Excel?

A: Yes. CRM Outstanding, CRM Targets, and several other reports have one-click Excel export.

Q: What if I cancel?

A: You can cancel anytime. Data sync stops but your Tally data is untouched.

Q: How secure is my login?

A: Google reCAPTCHA v3, bcrypt passwords, JWT tokens, and 15-minute idle auto-logout protect every session.
